Design Briefings:

1. The blue oval border represents:
 - Oval means complete, unity and most importantly, signifies Holy Mary's womb.
 - Blue is the Virgin's purity. Blue and white are the color of Our Lady's dress in her apparition in Lourdes.
2. The church inside the womb represents we are in the protection of Our Mother in Heaven. Our Lady inside the church means she is also deep inside in our heart.
3. The names of the church are placed at the same starting point but in different directions: though we have different languages and cultures, we have the same point and are closely related.
4. Blue sky with lights: we are shining under our Father's glory.
